

**2023 AMENDED BY-LAWS**  
**OF**  
**NORTHERN NEVADA GOLF ASSOCIATION**

These Bylaws are intended to supersede all previously adopted Bylaws and are hereby adopted and approved by the Northern Nevada Golf Association (NNGA) Board of Directors, at their October 2023, meeting to be effective upon passage and approval.

**I.**  
**MEMBERSHIP**

**Section 1. Location of Membership:**

The geographic territory of the Northern Nevada Golf Association shall be determined by the USGA - Allied Golf Association (AGA) Agreement. The NNGA shall have the right and responsibility to deliver the Core Services (as defined in the USGA - AGA Agreement) within the geographic territory described in Exhibit B (“Territory and Supporting Organizations”) of the USGA - AGA Agreement.

Any regularly organized golf club within the geographic territory of the NNGA, if it may be properly serviced by the NNGA, may be eligible for membership in this Association so long as the club is organized and operates in compliance with NNGA and USGA Articles, Bylaws, rules, and regulations.

**Section 2. Member Club classes:**

As determined by the USGA, a Golf Club is an organization of at least ten active individual members that operates under bylaws with Committees (a Handicap Committee is required) to supervise golf activities, provide peer review, and maintain the integrity of the Rules of Handicapping.

Members of a Golf Club must have a reasonable and regular opportunity to play golf with each other. The members’ scores are to be posted on the day of play and be available for inspection by others, including, but not limited to, fellow members and the club’s Handicap Committee.

A Golf Club is one of three (3) Types:

Type 1. The members of a Type 1 club are located at a specific golf course with a valid Course Rating™ and Slope Rating™ where most of the club’s events are played and where the club’s scoring records are accessible and demonstrate a frequency of play, or

Type 2. The members of a Type 2 club are affiliated, or known to one another, via a business, community, or social organization. Most of the club members had an affiliation prior to organizing the club and have no affiliation to any one golf course or demonstrate frequency of play at a specific golf course. Members generally must be within an approximate 100-mile radius of the principal location of the Golf Club. The principal location of a Golf Club must be the physical address in the city or town which the club first identified in its application for authorization; or

Type 3. The members of a Type 3 club had no prior affiliation, and most of the recruiting and signing up of the membership is done by solicitation to the public (e.g., social media, newspaper, Internet). Members do not demonstrate a frequency of play at any specific golf course. Members generally must be within an approximate 100-mile radius of the principal location of the Golf Club. The principal location of a Golf Club must be the physical address in the city or town which the club first identified in its application for authorization. Note: Where clarification of a Golf Club type is needed, the AGA or the USGA will make the final determination as to the club type.

**Section 3. Procedures for Membership:**

a. Applications. Application for membership shall be submitted in writing on forms furnished by the Association. Applications shall be accompanied by certified copies of the Articles and Bylaws of the applicant, together with such evidence of control of its members as may be required to insure conformance with all rules, regulations, handicap procedures, and other requirements of this Association and the USGA. The applicant understands that as a condition of eligibility all of its members must pay dues to join the NNGA.

b. Election. Any eligible applicant seeking membership may be admitted to membership by a two-thirds (2/3) vote of the Executive Board or by a majority vote of the Board of Directors.
